Casa Margarita

This spacious, detached 4 bedroom villa is set within a beautiful mature garden of around 1600 m². It is tucked away close to the Old Golf course, offering a quiet and peaceful location, yet still within a short 5-minute drive of the popular marina area. The garden is idyllic providing both sunny and shady corners, offering comfortable areas for everyone in a setting of natural beauty and tranquility. In our opinion the house can benefit from some more modern updates, but when these are carried out its a fantastic villa in a great location.
